Notes:

1) Data Source: November 2007 to February 2008 survey of alumni who graduated between 1996-2007.

2) 192 New College alumni graduated during the 1996-2007 period with Areas of Concentration in Psychology. Eighty-five provided information, a 44% response rate overall.

3) Includes graduates with the following areas of concentration: Development Studies, Psychobiology, Psychology, Cognitive Science, Biophychology.

4) *Based on the number of students who attended graduate/professional schools. (alumni could make multiple selections, or not answer the question.)

5) **Only the highest earned degree (unduplicated headcount) is reported. Regarding degrees in progress, duplicated headcount is reported, as alumni can pursue more than one degree simultaneously. The number of degrees in progress may not match the number reported in other charts due to missing degree data.

6) ***Based on the number of students who answered the question and were employed.
