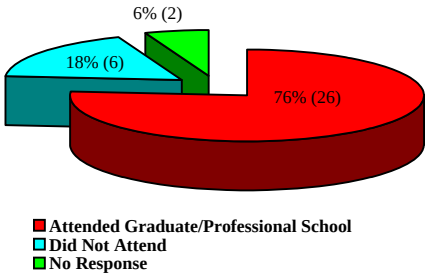
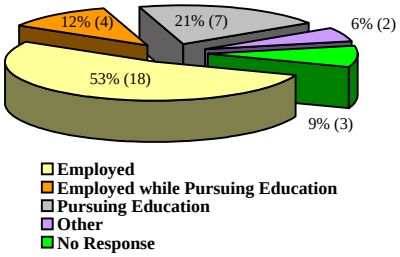
Graduate/Professional Education (N=34)



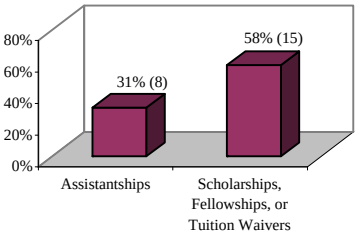
Eighty-six percent of the alumni were employed or pursuing education at the time of completing the survey.

Employment/Pursuing Education Status (N=34)



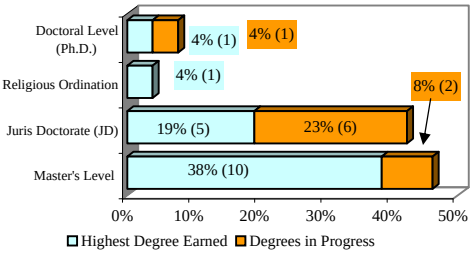
Sixteen out of 26 alumni (62%) who attended graduate/professional schools received some type of graduate financial support.

Graduate/Professional Schools Financial Support* (N=26)



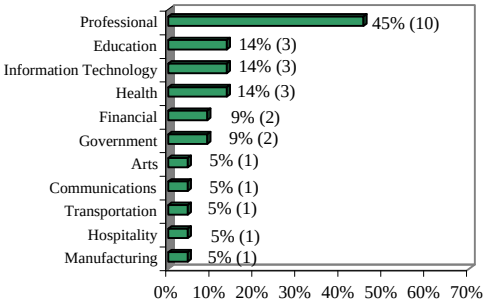
Of alumni who attended graduate/professional schools, 65% (17/26) earned advanced degrees so far. Nine degrees (35%) were in progress.

Highest Level of Advanced Degree Earned / Degrees in Progress (N=26)**



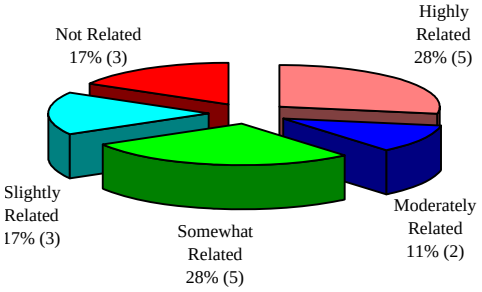
Most Economics alumni report being employed in the professional field.

Employment Fields (N=22)



Most alumni careers are related to the Area of Concentration (AOC) at New College.

Relation of Career to AOC (Valid N=18)**



Notes:

1) Data Source: November 2007 to February 2008 survey of alumni who graduated between 1996-2007.

2) 96 New College alumni graduated during the 1996-2007 period with Areas of Concentration in Economics. Thirty-four provided information, a 35% response rate overall.

3) Includes graduates with the following areas of concentration: Economics.

4) *Based on the number of students who attended graduate/professional schools. (alumni could make multiple selections or not answer the question.)

5) **Only the highest earned degree (unduplicated headcount) is reported. Regarding degrees in progress, duplicated headcount is reported, as alumni can pursue more than one degree simultaneously. The number of degrees in progress may not match the number reported in other charts due to missing degree data.

6) ***Based on the number of students who answered the question and were employed.
