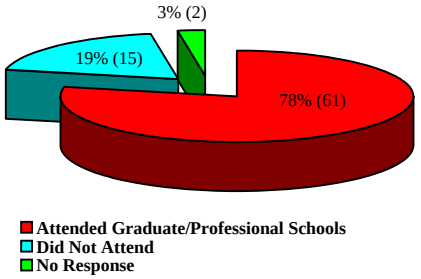
Biology
Alumni Outcomes: 1996-2007

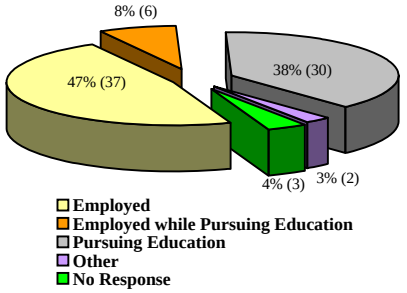
So far, seventy-eight percent of the Biology alumni have gone on to attend graduate or professional schools.

Graduate/Professional Education (N=78)



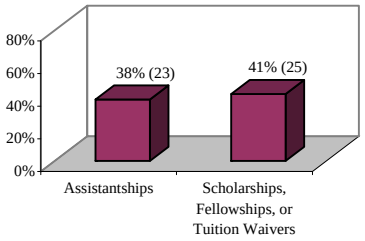
Ninety-three percent of the alumni were employed or pursuing education at the time of completing the survey.

Employment/Pursuing Education Status (N=78)



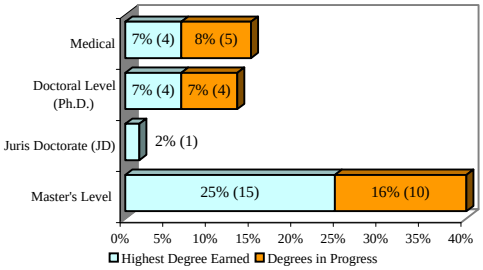
Thirty-one out of 61 alumni (51%) who attended graduate/professional schools received some type of graduate financial support.

Graduate/Professional School Financial Support* (N=61)



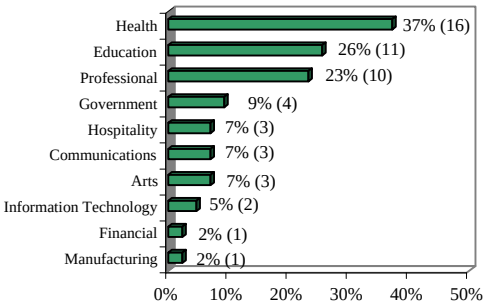
Of alumni who attended graduate/professional schools, 39% (24/61) earned advanced degrees so far. Nineteen degrees (31%) were still in progress.

Highest Level of Advanced Degree Earned / Degrees in Progress (N=61)**



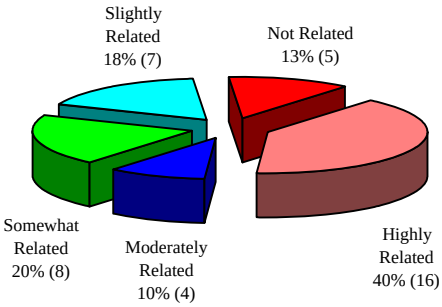
Most Biology alumni report being employed in health, education, and professional fields.

Employment Fields (N=43)



Most alumni careers are related to the Area of Concentration (AOC) at New College.

Relation of Career to AOC (Valid N=40)**



Notes:

1) Data Source: November 2007 to February 2008 survey of alumni who graduated between 1996-2007.

2) 183 New College alumni graduated during the 1996-2007 period with Areas of Concentration in Biology. Seventy-eight provided information, a 43% response rate overall.

3) Includes graduates with the following areas of concentration: Biophysiology, Psychobiology, Biology, Marine Biology, Entomology, Neurobiology.

4) *Based on the number of students who attended graduate/professional schools. (alumni could make multiple selections or not answer the question.)

5) **Only the highest earned degree (unduplicated headcount) is reported. Regarding degrees in progress, duplicated headcount is reported, as alumni can pursue more than one degree simultaneously. The number of degrees in progress may not match the number reported in other charts due to missing degree data.

6) ***Based on the number of students who answered the question and were employed.

Biology
Graduate school attendance reported by alumni: 1996-2007

Name of Institution	Program of Study	Number attended or Are Attending
Antioch University of New England	Aquatic Conservation Environmental Studies	1
Bowling Green State University	Biology	1
Central Florida School of Massage Therapy	Massage Therapy	1
